MSE BRAND FEATURES & BENEFITS

MSE's extended yield cartridge offers up to 71% yield increase when compared to the OEM.

MSE approved this product using the markets most exhaustive testing protocols, including: environmental stress testing, accelerated aging testing, shipping simulation, and yield testing.

Great dealer margins available to OEM customers seeking best alternatives to very costly OEM cartridges.

Ideal for workgroups with heavy printing environments looking to increase productivity.

OEM INFORMATION

Released in October 2014, the M630 series replaces the M455 MFP series.

Released in April 2015, the M605/M606 series replaces the M602/M603 series.

INTELLIGENT RE-ENGINEERING

Every aspect of our MSE brand products, from quality and reliability to aesthetics and environmental impact, is thoroughly analyzed on an ongoing basis. We look for areas of improvement beyond the industry standard and create ground-breaking technologies to keep pace with OEM design. The result is Your Best Alternative to the OEM.

MPS ENGINEERED

MPS Engineered extended yield cartridges are ideal for managed print services environments. Cutting-edge technology ensures superior performance and consistency from the first page printed through the last.

5 STEP QC PROTOCOL

Ensuring long-term quality and reliability is the foundation of customer satisfaction. We understand that without strict adherence to quality standards, you simply cannot have a product that is competitive to the OEM. Our commitment is ensured by the most rigorous 5 step QC process in the industry.
