MSE BRAND FEATURES & BENEFITS

MSE approved this product using the market's most exhaustive testing protocols, including: environmental stress testing, accelerated aging testing, shipping simulation and yield testing.

Great dealer margins available to OEM customers seeking best alternatives to very costly OEM cartridges.

MSE's proprietary robotic routing and other conversion technologies enable immediate availability.

OEM INFORMATION

Released in March 2015, the M252 series replaces the M251 series.

Every aspect of our MSE brand products, from quality and reliability to aesthetics and environmental impact, is thoroughly analyzed on an ongoing basis. We look for areas of improvement beyond the industry standard and create ground-breaking technologies to keep pace with OEM design. The result is Your Best Alternative to the OEM.

Advanced Color Technologies is the culmination of years of research, development, and employed resources with the goal of providing the industry's best OEM-alternative for color toner cartridges.

ISO 9001:2008 certification is a global standard that the world's leading companies use to establish quality management system. ISO 9001:2008 connotes quality to global consumers and MSE brand adheres to these standards and strives to continuously improve, therefore providing the best customer experience.

Secure Seal Technology is a cutting-edge, scalable technology that uniquely positions the MSE brand in developing cartridges for today, as well as for future generations of printers utilizing a similar technology platform.
